

**Priv.-Doz. Dr. Joachim R. R. Ritter**

Karlsruhe Institute of Technology, Germany, [www.gpi.kit.edu](http://www.gpi.kit.edu)

## Curriculum Vitae

- 16. Oct. 1963** Born in Stuttgart (Baden-Württemberg, Germany)
- Oct. 1985 - Nov. 1991** Study of Geophysics at Universität Karlsruhe (TH)  
(geophysics, physics, computer sciences, geology)  
Undergraduate research assistant  
Diplom Geophysik, „sehr gut“ (very good) (MSc Geophysics)
- Nov. 1991 – Jun. 1997** Researcher, Geophysical Institute, Universität Karlsruhe (TH)  
Administrative Science Manager SFB 108 & SFB 461  
Visiting scientist US Geological Survey, Menlo Park, Ca. (1993 & 1994)
- 15. Nov. 1996** Promotion Dr. rer. nat., Faculty of Physics, Universität Karlsruhe (TH)  
„mit Auszeichnung“ (excellence) (PhD Physics)
- July 1997 – Dec. 2001** Researcher, Institute for Geophysics, University of Göttingen  
Head of the “Seismology Group”
- Jan. 2002 – Jan. 2005** Assistant Professor, Geophysical Institute, Universität Karlsruhe (TH)
- June 2002** Habilitation in Geophysics (University of Göttingen) (venia legendi)
- since Jan. 2005** Senior Researcher (akademischer Rat), Geophysical Institute, Universität  
Karlsruhe (TH); since 2006: akademischer Oberrat
- June 2006** Habilitation in Geophysics (Universität Karlsruhe (TH) ) (venia legendi)
- Oct. 2010** Karlsruhe Institute of Technology (emerged from Uni Karlsruhe)

Presently J. Ritter is

- responsible for the Karlsruhe Broadband Array (42 stations),
- German representative at the European Seismological Commission (ESC),
- member of the steering board for the Geophysical Instrument Pool at GFZ Potsdam,
- past member of the board of the German Geophysical Society
- was / is PI of several past / ongoing international seismological projects (Kenya, Germany, Romania, Ireland, Norway).
